

**Parent Permission Form
for St. Paul Website Publishing**

Updated
4/25/07

Name of Child _____

As part of St. Paul's Communication program, we may occasionally publish pictures of church related events on our website. In addition, pictures are sometimes published in one of our local newspaper. In order to publish an image of your child (group or individual) on our website or in a news publication, we need to have parent or legal guardian permission.

If you do NOT give permission for your children's' photo to be published under group or individual activities, it is your responsibility to make your child aware of this. Every effort will be made by St. Paul's webmaster to honor such requests. It is St. Paul's policy not to publish any personal information about a child, such as name, home address or telephone number.

**Please complete this section and return it to the Communication
Committee's
mail folder in the church narthex.**

<input type="checkbox"/>	<input type="checkbox"/>	I grant permission for St. Paul to publish images of my child on its website or in newspaper articles about St. Paul activities and events.
Yes	No	
<input type="checkbox"/>	<input type="checkbox"/>	My child in an individual photo
<input type="checkbox"/>	<input type="checkbox"/>	My child in a group or class photo.
